- Storyboarding and Visual Development
- Narrative and Scriptwriting
- Coding for Creative Projects
- Digital Presentation and Multimedia Communication

Education:

- (Current study)
Diploma of Creative Industries
and Communication,
Western Sydney University
- Colo High School, 2011-2015

Creative Projects:

- **Daughter of the Blackhole (Hybrid Graphic Novel)**
Writer and Artist
A developing large-scale creative project exploring identity, connection, and cosmic storytelling through hybrid visual narratives. Combines written and illustrated media with science fiction and dark comedy influences.
- **University Projects**
 - Website Design Presentation - Collaboratively built and presented a theme website using HTML/CSS in Visual Studio Code.
 - Photographic Practice Group Project - Assisted with concept presentation and visual layout.
 - Diane Arbus Presentation - Solo analysis of photographic practice and emotional narrative within visual media.

Future Goals:

- To continue developing as a writer, artist, and visual storyteller, contributing to projects that merge art, design, and narrative, whether in animation, design, or visual publishing.
